

Vetonit PAB100

Saveto plaster accessories - plaster architrave beads

Uses

- Architrave Feature Bead is used to form a decorative shadow line at plaster edge, at door and window reveals and other joinery features.
- It can also be used to act as a neat divide between differing wall finishes.

Product Description

Vetonit PAB100 is a pre-galvanized steel protector architrave beads designed to act as a plaster stop profile whilst creating a shadow like recess around door frames, ceiling and varying wall finishes.

Vetonit PAB100 will increase the speed of installation and finishing process dramatically.

Advantages

- Easy to apply.
- High impact resistance.
- Reduces the time taken in plaster finishing process.

Standards Compliance

- ACI: 524R-08 (Building Code Requirements for Masonry Structures).

Usage Instructions

Application

Fix Vetonit PAB100 by using Premix Plaster S, Vetonit Render, or any suitable mechanical fixing at a maximum center spaces of 600mm.

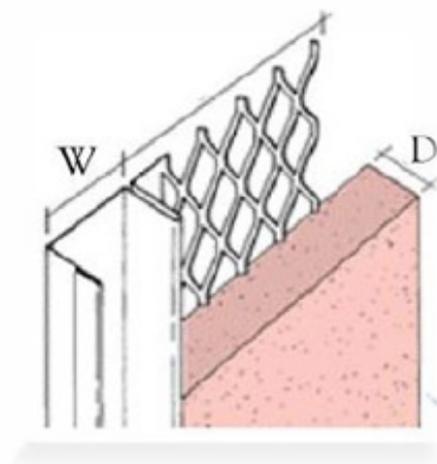

Vetonit PAB100 may be wire tied to the face of metal lathing backgrounds. Use tinsnips or shears to cut angle beads to the desired size.

When jointing architrave beads use a dowel inserted in the nose to ensure continuity and alignment.

To get a sharp neat corner finish, avoid damaging the beads when troweling plaster or render.

Packaging

Vetonit PAB100	Width (mm)	Length (m)	QTY/Box
Vetonit PAB133	13	3	50
Vetonit PAB163	16	3	50
Vetonit PAB193	19	3	50

Additional Information

Saveto manufactures a wide range of construction chemicals and specialty products for various applications divided into the following product groups:

- Concrete Repair, Grouts and Enhancement.
- Wall & Facade Systems.
- Flooring and Coating Systems.
- Sealants and Joints.
- Plasters & Renders.
- Putties & Finishes
- Tiling Systems
- Waterproofing.
- Primers & Ancillary Products.
- Specialty Products.

Saveto also provides various technical information such as CAD details, detailed method statements, specification clauses, application manuals, product selectors and technical support both in contractors and consultants offices as well as construction sites.
