

Vetonit PCJ

Saveto plaster accessories - plaster control joint

Uses

- Designed to deal with normal initial stucco shrinkage during the hydration and curing stage of cement stucco coats.
- Controls plaster thermal expansion and contraction.
- For walls and ceilings, and joints.

Product Description

Vetonit PCJ is a pre-galvanized steel control joint bead designed to minimize the plaster cracking and to allow movement in the plaster. Vetonit PCJ overcomes movement tolerances in plaster expansion, control joints, and offers positive locking of the stucco at the edge of the joint. Vetonit PCJ deals with the normal initial plaster shrinkage during curing and minor thermal expansion and contraction.

Advantages

- Easy to apply.
- High impact resistance.
- Overcomes movement tolerances in plaster expansion

Standards Compliance

- ACI: 524R-08 (Building Code Requirements for Masonry Structures).

Usage Instructions

Application

Fix Vetonit PCJ by using Premix Plaster S, Vetonit Render, or any suitable mechanical fixing at a maximum center spaces of 600mm.

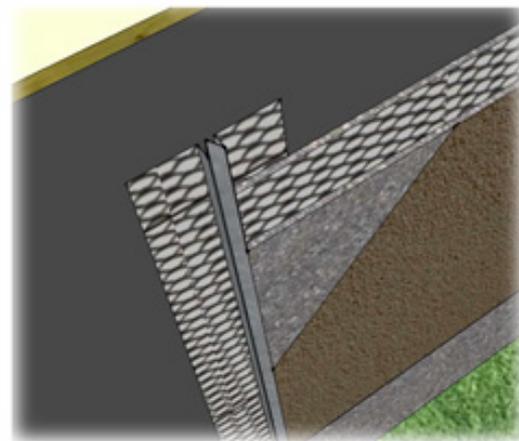

Vetonit PCJ may be wire tied to the face of metal lathing backgrounds. Use tinsnips or shears to cut angle beads to the desired size.

When jointing control joint beads use a dowel inserted in the nose to ensure continuity and alignment.

To get a sharp neat corner finish, avoid damaging the beads when troweling plaster or render.

Packaging

Vetonit PCJ	Wing (mm)	Length (m)	QTY/Box
Vetonit PCJ163	16	3	50
Vetonit PCJ193	19	3	50

Additional Information

Saveto manufactures a wide range of construction chemicals and specialty products for various applications divided into the following product groups:

- Concrete Repair, Grouts and Enhancement.
- Wall & Facade Systems.
- Flooring and Coating Systems.
- Sealants and Joints.
- Plasters & Renders.
- Putties & Finishes
- Tiling Systems
- Waterproofing.
- Primers & Ancillary Products.
- Specialty Products.

Saveto also provides various technical information such as CAD details, detailed method statements, specification clauses, application manuals, product selectors and technical support both in contractors and consultants offices as well as construction sites.

For further information on these products and systems kindly check our website or contact your local Saveto representative.
